AGENCY RULES

The following regulations set forth the rules and procedures for the operation of the Bureau of Reclamation.

Part 1000 - General Provisions

Part 1001 - Water Rights

Part 1002 - Water Conservation

Part 1003 - Water Use

Part 1004 - Water Use

Part 1005 - Water Use

Part 1006 - Water Use

Part 1007 - Water Use

Part 1008 - Water Use

Part 1009 - Water Use

Part 1010 - Water Use

Part 1011 - Water Use

Part 1012 - Water Use

Part 1013 - Water Use

Part 1014 - Water Use

Part 1015 - Water Use

Part 1016 - Water Use

Part 1017 - Water Use

Part 1018 - Water Use

Part 1019 - Water Use

Part 1020 - Water Use

"Conditions" means, with respect to any Series of

supplementary and related provisions, notwithstanding anything contained in the said terms and conditions.

“*Wichiduwa ag’emotsuf*” means “Everyone and forever”

(ii) The issuer shall pay

such persons ceases to be the authorised agent of the company.

Figure 1. A schematic diagram of the experimental setup. The laser beam (blue arrow) is focused onto the sample surface (red arrow) through a lens system (lens 1, lens 2). The sample is placed on a rotating stage (green arrow) and is illuminated by a white light source (yellow arrow). The scattered light is collected by a lens system (lens 3, lens 4) and detected by a photomultiplier tube (PMT) (black arrow).

Figure 1. A schematic diagram of the experimental setup. The inset shows the optical micrograph of the sample.

Table 1 Summary of the main characteristics of the samples used in this study.

Digitized by srujanika@gmail.com

Figure 1. A schematic diagram of the experimental setup. The light source (laser) emits light at $\lambda = 532$ nm. The beam splitter (BS) splits the beam into two paths. The first path contains a lens (L₁) and a polarizer (P₁). The second path contains a lens (L₂) and a polarizer (P₂). The two paths converge at a point where they are imaged by a camera (C). The camera is connected to a computer (PC) which displays the image.

Figure 1. Schematic diagram of the experimental setup. The laser beam (blue arrow) is focused onto the sample surface (red arrow) through a lens system consisting of lenses L₁, L₂, and L₃. The sample is mounted on a stage (black arrow) which is connected to a piezoelectric transducer (PT). The laser beam is generated by a pulsed Nd:YAG laser (not shown).

Figure 1. Schematic diagram of the experimental setup. The left panel shows the optical bench with the laser source, lenses, beam splitter, and fiber optics. The right panel shows the optical bench with the fiber optics and the detector assembly.

“我就是想让你知道，你不是唯一一个被我爱着的人。”

Figure 1. A schematic diagram of the experimental setup. The top part shows the optical bench with a beam splitter, lenses, mirrors, and a camera. The bottom part shows the sample stage with a sample holder and a light source.

Figure 1. A schematic diagram of the experimental setup. The top part shows the optical bench with a beam splitter, lenses, mirrors, and a camera. The bottom part shows the sample stage with a sample holder and a light source.

Figure 1. A schematic diagram of the experimental setup. The light source (laser) emits light through a lens and beam splitter. The beam splitter splits the light into two paths: one path goes through a polarizer and a lens to a photomultiplier tube (PMT), and the other path goes through a lens to a camera.

Figure 1. A schematic diagram of the experimental setup. The light source (laser) emits light at a wavelength of $\lambda = 532$ nm. The beam splitter (BS) splits the beam into two paths. The first path contains a lens (L₁) and a polarizer (P₁). The second path contains a lens (L₂) and a polarizer (P₂). The two paths converge at a point where they are imaged by a camera (C). The camera captures the interference pattern formed by the two paths.

Figure 1. Schematic diagram of the experimental setup. The left panel shows the optical path of the pump beam (blue) and the probe beam (red). The right panel shows the optical path of the pump beam (blue) and the probe beam (red) passing through the sample.

Figure 1. A 2D heatmap showing the distribution of the first principal component (PC1) across the brain. The color scale indicates the magnitude of PC1, ranging from -0.5 (blue) to 0.5 (red). The heatmap shows a clear spatial pattern where PC1 is positive in the posterior regions and negative in the anterior regions.

For more information about the study, please contact Dr. Michael J. Hwang at (310) 206-6500 or via email at mhwang@ucla.edu.

Figure 1. A schematic diagram of the experimental setup. The light source (laser) emits light at $\lambda = 532$ nm. The beam splitter (BS) splits the beam into two paths. One path passes through a lens ($f = 10$ cm), a polarizer, and a beam splitter. The other path passes through a lens ($f = 10$ cm), a polarizer, and a beam splitter. The two paths converge at the sample stage.

PART II.

The English Standard Version of Exodus of the Bible

Exodus Chapter 12, Verses 1 through 10, King James Version

1 And the Lord spake unto Moses and Aaron, saying,

2 This month shall be unto you the beginning of months: it shall be the first month of the year to you:

3 And ye shall eat nothing leavened: for seven days shall ye eat unleavened bread, even the bread of affliction:

4 For in this same did all the children of Israel abide when I brought them forth out of the land of Egypt, while I sanctified myself among them.

5 And I will let you know what ye shall eat; and what ye shall do; and all the ordinances which ye shall keep,

6 And the flesh of the paschal lamb ye shall eat roasted upon the fire, with unleavened bread, and with bitter herbs;

7 And thou shalt eat it in this wise; with your loins girded, your shoes on your feet, and your staff in your hand; and ye shall eat it in haste:

8 For ye know not the day when I will bring you out from thence: wherefore keep ye this ordinance at your set times.

9 And when ye have eaten it, ye shall let nothing remain of it until the morning; and that which remaineth of it until the morning, ye shall burn with fire.

10 Seven days shall ye eat unleavened bread; for in this same did the children of Israel abide when I brought them forth out of the land of Egypt.

11 And it shall be unto you for ever a sign unto the children of Israel: for in this same did I bring them forth out of the land of Egypt.

12 This day shall ye observe it; according to all the commandments of the Lord, and according to all the ordinances.

13 And the Lord spake unto Moses, saying,

14 Speak unto the children of Israel, saying, On the tenth day of this month shall ye have every man a lamb to be sacrificed,

15 According to the number of your families, every man shall take it to him, according to the house of his fathers, a lamb for a family.

16 And if the household be too little for the lamb, let him and his neighbor next unto him take it according to their numbers.

17 Let him to whom the lamb is given sacrifice it at even, and let him eat it at night:

18 And let him not leave any of it until the morning, according to all the ordinance of the Lord.

19 This day shall ye eat the lamb; and when ye have eaten the lamb, then shall ye take some of the blood, and put it upon the two posts of the door, and upon the upper door post of the door.

20 And when the Lord shall see the blood, he will pass over the door, and will not suffer the destroyer to come into your houses, to smite you.

21 And when ye eat the lamb, let a fire be burning in the hearth before ye eat it.

22 And let ye not go out every man out of his house after the lamb, until the morning; for ye have eaten it in haste: because it is the Lord's passover.

23 For I will pass through the land of Egypt this night, and will smite all the firstborn in the land of Egypt, from man even to beast; and against all the gods of Egypt I will execute judgments:

24 And I will bring out the children of Israel from among them; and I will give them a token by me, when I shall smite the land of Egypt, and I will spare the houses of the children of Israel, that ye may know that I am the Lord in the land of Egypt.

25 And this day shall be unto you for a memorial; and ye shall keep it a feast to me in its season for ever.

26 And when your children shall say unto you, What mean ye by this service?

27 Then shall ye say, It is the sacrifice of the Lord's passover, who passed over the death of the firstborn of the children of Israel when he smote the Egyptians.

28 And when ye shall have eaten it, ye shall let nothing remain of it until the morning; and that which remaineth of it until the morning, ye shall burn with fire.

29 For I will pass through the land of Egypt the tenth day of this month, and will smite all the firstborn in the land of Egypt, both man and beast; and against all the gods of Egypt I will execute judgments.

30 And I will bring out the children of Israel from among them; and I will give them a token by me, when I shall smite the land of Egypt, and I will spare the houses of the children of Israel, that ye may know that I am the Lord in the land of Egypt.

31 And this day shall be unto you for a memorial; and ye shall keep it a feast to me in its season for ever.

32 And when your children shall say unto you, What mean ye by this service?

33 Then shall ye say, It is the sacrifice of the Lord's passover, who passed over the death of the firstborn of the children of Israel when he smote the Egyptians.
